EXPERIENCE

Amido, London — React and Javascript Developer

June 2015 - PRESENT

- Architected and Front end led creating a 'real time' cricket manager MMO browser game, complete with leagues, team management, player fatigue, stadiums, facebook integration and more!
- Architected a re-design of a high-end commercial and residential property map search and listing SPA
- Built vanilla javascript SDK's for providing api-to-client middleware for web and mobile platforms

Rated People, London — Senior Web Developer

NOVEMBER 2013 - JUNE 2015

- Pitched and Tech Led the rebuild of customer logged in experiences, from a custom javascript MVC into Backbone.js and Node.js. The application included sections such as profiles, member benefits, subscriptions, search, gmaps and purchasing.
- Built and maintained loyalty and benefit web applications in Symfony and jQuery
- Tutored Junior developers on how to architect their Javascript and CSS using Object Oriented approaches.

IPC MEDIA, London — Digital Developer

AUGUST 2011 - NOVEMBER 2013

- Developed online campaigns for brands, these were mostly built using jQuery, Symfony, Action Script 3 and/or Drupal.
